

# App

## Automatic payment plan

If saving time and money are high on your priority list when you pay monthly bills and value convenience, REMC's APP program might be very beneficial to you. This program allows the monthly electric bill amount to be automatically "drafted" from a customer's designated bank account. This is a free program and customers may cancel at any time with written notice to the REMC.

Customers with APP will continue to receive a monthly bill so that the amount can be recorded in their register, but they are relieved of the time consuming tasks of writing checks and mailing bills. The bill will be drafted on the due date of each month and the words "BANK DRAFT" will appear on the bill. (Should the due date fall on a holiday or a weekend, the draft will occur the next business day.)

Check this box to receive your statements via email instead of paper bill

***I hereby authorize Harrison REMC to draw monthly drafts on my bank account as listed below for the payment of my monthly electric bill. I understand that I can discontinue my participation in APP by submitting a written notice to the REMC. Both the REMC and the bank also may terminated this agreement. I understand the REMC reserves the right to limit participation in APP to customers whose account are in good standing. Please include a voided check.***
