

2023

Residential Rebate Program

About the Program

Your electric cooperative is offering a 2023 residential rebate for qualifying equipment (heat pump water heaters, geothermal heat pumps and air source, ductless mini-split or dual fuel heat pumps). To qualify, you must occupy the home where the equipment is installed year-round (12 months) and the unit must heat and cool the whole home, unless otherwise stated.

Please provide the following documents to your electric cooperative to apply for possible rebates*:

- AHRI (Air-conditioning, Heating and Refrigeration Institute) certificate for validation of all SEER ratings. (This can be obtained from the installing heating and cooling contractor.)
- 2023 Residential Rebate Application
- Proof of purchase (invoice or receipt)

Must apply by Dec. 15, 2023

P.O. Box 517
Corydon, IN 47112
812-738-4115

* Your electric cooperative reserves the right to approve, deny or select the appropriate incentive. Prior approval is required for electric resistance incentives.

Water Heater (Heat Pump or Hybrid only)

New construction or replacing gas or electric

Geothermal Heat Pump

New construction or replacing electric resistance heat, gas, heat pump or geothermal

Air Source or Dual Fuel Heat Pumps

Heat pump replacing gas, existing A/C or heat pump, new construction or replacing 100% electric resistance heat

Mini-Split Heat Pump

Single-room or whole-home installations

HVAC Tuneup

Air source and geothermal heat pumps and central air conditioning systems

Go to harrisonremc.com for rebate forms and amounts of rebates, or call the office at 812-738-4115.

2023 Residential Rebate Program Details

	HVAC Tuneup	Performed by licensed contractor Air source and geothermal heat pumps and central air conditioning systems	up to \$50
	Water Heater (Heat Pump or Hybrid only)	Minimum 40 gallon all-in-one units New construction or gas or electric water heater replacement	\$500
	Geothermal Heat Pump	Desuperheater is recommended, but not required. New construction or replacing electric resistance heat, gas, heat pump or geothermal	\$1,450
	Air Source or Dual Fuel Heat Pump	MINIMUM EFFICIENCY REQUIREMENTS Stick-built or modular housing SEER ≥ 16, EER ≥ 10 Mobile/Manufactured Housing ⁽¹⁾ SEER ≥ 14, EER ≥ 10	\$700
		AIR SOURCE (ASHP) ⁽²⁾ (replacing gas, existing A/C or heat pump or new construction installation) Dual/Variable/Multi-Speed Compressor ONLY ⁽³⁾	\$300
		Additional incentive if installed with gas/propane backup (dual-fuel)	\$300
		HEAT PUMP (replacing 100% electric resistant heat) (must be replacing primary heat source for entire home)	\$750
		Single-Speed Compressor (mobile/manufactured only)	\$750
		Dual/Variable/Multi-Speed Compressor	\$1,450
		The following DO NOT qualify for 100% electric resistance replacement: Heat pump with electric resistance, space heaters, gas furnace, wood stove, wood pellet stove, A/C, back-up heat, generators.	
		⁽¹⁾ Mobile/manufactured homes are defined as factory assembled, transportable, designed for transportation on own chassis, can be placed on temporary or permanent foundation and intended for year-round occupancy. Modular homes must be residential single-family homes.	
		⁽²⁾ Units that do not qualify include: window air conditioners and "thru-the wall" heat pumps (hotel-type machines).	
		⁽³⁾ Single-speed compressors for mobile/manufactured homes only qualify.	
	Mini-Split Heat Pump	Single-room installations ⁽⁴⁾ Replacing existing A/C, heat pump or new construction Replacing electric resistance heat	\$300
		SECONDARY REQUIREMENTS SEER ≥ 19, EER ≥ 12.5	\$700
		Variable/multi-speed compressor required unless noted otherwise	\$1,450
		⁽⁴⁾ Single-room installations can include room additions or outbuildings. Requirements: located and serviced by member, occupied/used year-round (seasonal occupancy does not qualify).	

ASK YOUR CO-OP ABOUT THESE OTHER ENERGY-SAVING PROGRAMS

Electric Lawn Equipment Rebates

- Did you know that electric lawn equipment has seen big improvements in recent years?
- Your electric cooperative is offering rebates on electric lawnmowers, leaf blowers and string trimmers.

Commercial and Industrial Rebates

- Have a small business or agriculture operation? Inquire today about C&I rebates.
- LED Lighting, Motors and VFD rebates available.

Rebates cannot be processed without a completed rebate application and applicable invoices or receipts showing proof of purchase.

Please read and sign below to indicate you understand and agree to the following conditions:

1. All rules and requirements of this program have been followed.
2. Applicant has read and agrees to the Residential Rebate Program Terms and Conditions at harrisonremc.com.
3. Applicant is a residential member of Harrison REMC, an electric cooperative member of Hoosier Energy.
4. The rebated equipment was installed and operational prior to submission of this application.
5. Harrison REMC is providing the electric service to the installation site address listed on this application. Rebated equipment is installed in the primary residence of the applicant.
6. Applicant understands and agrees that neither Hoosier Energy nor Harrison REMC assumes any responsibility or liability arising out of or related to applicant's participation in our Energy Efficiency program.
7. Applicant will allow inspection of the rebated equipment (if requested).
8. Applicant understands applicant will not receive a rebate if applicant and/or applicant's contractor fails to provide required program documentation.
9. Applicant agrees to purchase power from Harrison REMC for a period not less than the deemed measured useful life of rebated equipment. Should the applicant receive power from any source other than the electric cooperative, including generation owned by the customer, before the end of the equipment's deemed useful life, the applicant agrees to refund the full amount of the rebate to the distribution cooperative.
10. Applicant gives permission to Hoosier Energy to obtain usage information from their electric cooperative. Applicant understands that Hoosier Energy may use the usage information provided for program evaluation and analysis. If signing in a capacity other than an individual capacity, the individual signing below hereby represents and warrants that s/he is duly authorized to execute and deliver this application on behalf of the applicant.
11. Harrison REMC reserves the right to approve, deny or select the appropriate rebate amount.

2023

Residential Rebate Program

Terms and Conditions

The following terms and conditions apply to all residential rebate programs. For specific program requirements, please read the rules and requirements within each application.

Eligibility Requirements

1. Must be a current Harrison REMC residential consumer-member.
2. Equipment installations or upgrades must be in a home served by Harrison REMC.
3. Applicant must occupy the home where the equipment is installed year-round (12 months).
4. Program eligibility includes prior participation in rebate programs, with incentive and measure caps specific for each program. Applications in excess of program caps will not be processed.

HVAC Rebate Program Requirements

5. The HVAC rebate is designed for installation or upgrades of water heaters, geothermal heat pumps and air source, ductless mini-split, or dual fuel heat pumps.
6. Rebates for HVAC equipment are for whole-home installations only unless otherwise stated.
7. All homeowners must provide AHRI (Air-conditioning, Heating and Refrigeration Institute) validation for all SEER and EER ratings. This information is obtained from the installing heating and cooling contractor. This certificate must be submitted with the application.
8. Submission for HVAC rebate must include application, AHRI Certificate and itemized receipt or invoice. Applicant understands no rebate will be given if applicant and/or applicant's contractor fails to provide required documentation.
9. No rebate will be awarded based on HVAC dealer bid specifications, promotional materials of dealer, manufacturer or any source, other than AHRI Certificate.
10. Prior approval is required for electric resistance incentives.
11. Limit of two rebates per household. Rebates are not available for replacement of previously rebated equipment during its deemed useful life as determined by Hoosier Energy.

Program Parameters

12. All rebated equipment must be new. Used or rebuilt equipment is not eligible for an incentive.
13. Rebated equipment must meet all requirements from the manufacturer's warranty.
14. Rebated equipment must meet the technical specifications listed in the application form.
15. Applicant agrees to purchase power from Harrison REMC for a period not less than the deemed measured useful life of rebated equipment. Should the applicant receive power from any source other than Harrison REMC, including generation owned by the customer before the end of the equipment's deemed useful life,

the applicant agrees to refund the full amount of the rebate to Harrison REMC.

16. Hoosier Energy maintains full discretion over the rebate and reserves the right to modify the program at any time.

Application Procedures and Deadlines

17. Applications are processed on a first-come, first-served basis while funds are available.
18. Submission for rebates must be within 90 days of installation in the same calendar year.
19. Applications become the property of Harrison REMC and will not be returned. Please keep a copy for your records.

Right to Confirm Installation

20. Pre-install inspection: Harrison REMC reserves the right to inspect the program participant's premises to verify that equipment meeting program qualifications exists prior to providing an incentive. The program participant agrees to provide reasonable access to the premises for such purposes.
21. Post-install inspection: Harrison REMC reserves the right to inspect the program participant's premises to verify that equipment matching the information provided on the program application has been placed in service at that location. The program participant agrees to provide reasonable access to the premises for such purposes.
22. Post-inspection: The program participant will have 30 days from the request date to submit any additional information requested by Harrison REMC. Failure to submit requested information may result in application rejection.
23. If any requested inspection finds the program participant or the program participant's contractor did not comply with program rules and standards, any incentive received must be returned to Harrison REMC within 60 days of notice of such inspection.
24. Harrison REMC reserves the right to conduct an additional post-install inspection for program portfolio evaluation, measurement and verification (EM&V) purposes. Incentives received will not be affected by the results of this inspection.

Incentive Payments

25. Harrison REMC reserves the right to approve, deny or select appropriate incentive.
26. The incentive payment cannot exceed 75% of the total equipment cost. Installation, taxes and fees cannot be included in the equipment cost.
27. Rebates may take up to six weeks from receipt of the

application by Harrison REMC to process.

28. Approved rebates will be returned to the applicant in the form of a bill credit on the member's electric account.
29. Application approval is not a guarantee of incentive payment.
30. Harrison REMC reserves the right to withhold payment for products that do not meet the program requirements as determined within its sole discretion.
31. Harrison REMC is not liable for incentives promised to members as a result of a contractor misrepresenting or not verifying the rules of the program. Only Harrison REMC has the right to approve an application and the incentives.
32. Incentives are paid as a one-time, one-program offer and cannot be combined with incentive payments, rebates, or discount programs from other utility providers.

Logo Usage

33. Program applicants and program participants may not use any member cooperative or Hoosier Energy logo or name without prior express written permission.

Program Disclaimers

34. Harrison REMC:
 - i. Does not endorse any particular manufacturer, product or system design by offering these incentives;
 - ii. Will not be responsible for any tax liability imposed on any program participant as a result of the payment of incentives;
 - iii. Does not expressly or impliedly warrant the performance of any installed equipment and hereby disclaim any and all warranties, express or implied, including the warranties of merchantability or fitness for a particular purpose;
 - iv. Is not responsible for the handling, storage, treatment, transportation or disposal of any waste generated as a result of any measures for which incentives have been applied for and/or received under this program nor any resultant environmental contamination related to the same;
 - v. Is not liable for any damage caused by the operation or malfunction of the installed equipment; and
 - vi. Does not guarantee that a specific level of energy or cost savings will result from the implementation of energy conservation measures or the use of products funded under this program.
